Would you like a taste of the College’s fabulous nationally recognised Outdoor Education program?

Held in the Western MacDonnell National Park over 4 days, you’ll try your hand at the Low Rope Course, trek thru Fringe Lilly Gorge and along the Razor Back, abseil down the steep cliffs at Birthday Gap, and sit around the camp fire at night to restore your energy and talk about the day’s adventures.

Places are being offered to current parents first, and then past parents.

It’s an experience you’ll never forget.
