3rd ACTION REQUIRED: Pay deposit of $300 by end of Term 4 – 2014

4th ACTION REQUIRED: Submit medical forms and final payments ($700) by 11 February 2015

Dear Parent/Guardian and Year 8-12 Climbers/Students, (Year 12s subject to Year 12 commitments)

As part of the St Philip’s College Outdoor Education program and the development of our young climbers I would like to offer a small group of students the opportunity to compete against other schools within the Northern Territory. This trip will be held towards the end of Term 1 as the competition runs from Wednesday 25 to Saturday 28 March. The Rock Centre in Darwin will be hosting the Championships and will also be providing accommodation and assistance with transport whilst in Darwin.

The aim of this trip is to extend our students climbing ability and expose them to other climbers of the same age in a competition setting. There is some chance that this trip may lead on to the National Championships if our students are successful.

Students will participate in divisions of junior or senior students with their peers. It is hoped that we could field 10-15 students for the championships:

- Junior students from Years 8 - 9
- Senior students from Years 10 - 12

PROGRAM

Students will be involved in climbing daily and will have a number of days where they compete against other students in their division. Competition days run from 8:30am to 3:00pm. There will also be some activities unrelated to climbing that take advantage of the Northern Territory’s capital city.

Costs

The cost of the camp will be $1000 ($300 deposit due Term 4 - 2014) for food, accommodation, entry and activities plus the return airfare to Darwin.

MEDICAL REPORT AND CONSENT FORMS

Each student needs to return a completed and signed medical form and consent form to Student Access by Wednesday 11 February (Term 1, Week 3 – however please submit as early as possible). Please complete carefully with as much detail as possible. Students should also sign the appropriate section.

In line with College policy, those students who have asthma or allergies should collect and return an Asthma and/or Allergy Management form from Student Access at their earliest convenience. Medical consent forms, Asthma and Allergy Management forms are available for download from http://www.stphilips.nt.edu.au/special-programs/outdoor-activities/camp-forms

If you have any further questions regarding the camp or your son/daughter, please do not hesitate to contact me at the College.
Yours sincerely

David Atkins - Head of Outdoor Education
