**PERSONAL CLOTHING AND EQUIPMENT LIST – Year 11 Leadership Course**

This list contains the items required for the various conditions and activities you will encounter during the camp. Depending on weather conditions, you will use all or most of the items. As the weather during the course can either have hot/dry or cool/moist conditions, you need to be clothed and equipped for both. Please bring ALL listed items (except where indicated optional). Different people have different reactions to cold or wet conditions. Some people feel the cold very quickly; others remain comfortable in most conditions. Depending on how you feel in cold or wet conditions, you should choose to bring more or less of the optional warm clothing items. If you feel the cold quickly, you should bring the extra thermal underwear, and choose a slightly thicker garment when selecting specific woollen items.

Students will not be carrying all items at once, as some will be stored in case of extreme weather. However, think carefully about your selection, as you will be carrying it at some stage.

**WHAT TO BRING**

Backpacks, shelters, cooking utensils, sleeping bags and sleeping mats are all provided. You should bring hard wearing and durable clothing.

- **WEAR ON THE DAY - you will begin Leadership Course in these clothes**

**HIRING EQUIPMENT**

Suitable waterproof jackets are available for hire. Please complete the attached form and return to the College with payment. Please plan in advance as **strict cut off dates apply** for ordering.

**DO NOT BRING**

Parents are asked to ensure that students do not bring sheath knives or knives with locking blades, radios, iPods, mobile phones, cosmetics, aerosols, tobacco, alcohol, confectionery, soft drinks, any other food or any specialist camping gear. **Please bring a watch as this is a Leadership Course.**

**PACKING**

**ALL CLOTHING AND EQUIPMENT SHOULD BE CLEARLY MARKED WITH YOUR NAME TO AVOID CONFUSION OR LOSS. Please bring clothes in a soft bag – not suitcases.**

**EQUIPMENT CARE AND RESPONSIBILITY**

Necessary camping equipment (packs, shelters, cooking utensils and sleeping bags) will be issued to students. The care and responsibility for this equipment will be the students, who will be expected to pay for the replacement if lost or damaged through irresponsible use.

**NOTES ON CLOTHING AND EQUIPMENT**

**Waterproof jacket**

This is an **essential item of great importance**, since you will be outdoors for the whole course. An effective waterproof jacket will provide protection from cold, wet and wind.

- **It must:**
  - have an effective hood that protects the head and face from rain and wind
  - be **ABSOLUTELY** waterproof
  - reach at least halfway down your thighs

Some garments are unsuitable and should **not be** brought:

-❌ ski parkas or quilted jackets (they are bulky and **NOT** waterproof)
-❌ ‘shower-proof’ spray jackets
-❌ Lined jackets – eg cotton or flannel lined jackets are unsuitable

A simple test for waterproofness is to try and suck air through the jacket material. Generally, if air can get through, so can water. However, there are some exceptions. ‘Japara’ and ‘Gore-tex’ are two types of material that allow water vapour, but not liquid, to pass through; allowing them to ‘breathe’. These jackets are ideal but, however, Gore-Tex is very expensive.

**Woollen Clothing/Quality Outdoor Fleece**

Wool is by far (economically) the best fabric for staying warm in wet and cold conditions. It absorbs very little moisture and therefore continues to feel warm, and therefore, does not draw heat from the body to dry the fabric as cotton does. Check the label to make sure the garment is at least 70% wool. The two required medium weight woollen pullovers, are more versatile than one thick jumper.

Cotton absorbs up to 25 times its weight in water and is **TOTALLY UNSUITABLE** as a fabric in clothing intended to keep you warm in the outdoors. **DO NOT BRING** cotton ‘sweatshirts’, football jumpers or tracksuit tops as substitutes for woollen pullovers.

There are many quality outdoor fleece fabrics hold even less water than wool, and are used to make thermal underwear and pile jackets. This material is ideal, but generally more expensive.

**Obtaining Clothing**

Many items can probably be found in the old clothes bag at home, or second hand clothes shops. **FASHION IS NOT IMPORTANT.** At times in the past parents have brought their children special boots for walking, these are not necessary. If you feel it necessary to buy anything expensive you may wish to contact the Outdoor Education Department at the College for advice.

- **Lone Dingo (Todd Mall southern end)** offers a range of equipment suitable for the College’s Outdoor Education program– eg. thermal underwear, Polartec jumpers, waterproof jackets, boots etc.
- **Barbeques Galore (Whittaker St, diagonally opposite McDonald’s)** offers a range of equipment suitable for the College’s Outdoor Education program – eg. thermal underwear, Polartec jumpers, waterproof jackets, boots etc.
