

Year 8 Homework Timetable Semester 2 2017

Year 8 students should have homework in 3 or 4 subjects per night for about 20 to 30 minutes per subject. The time should total about 90 minutes per day. Friday and the weekend is for homework in the rotation subjects and to catch up on any missed work. If, for one reason or another, homework is not given in a particular subject on any given day the time should be spent on revision. If you find that homework is not being given, on a regular basis, in any particular subject please let me know by ringing me on 8950 4504.
