06 August 2013

Dear Parent / Guardian

The Extra Curricular Program aims to give students a range of activities to enjoy throughout the year. We run a series of different activities ranging from homework help to sporting activities. The expectation is that students will undertake one (1) Extra Curricular Activity per week.

The Extra Curricular Program contributes greatly to students’ success and development within the school and the wider community.

The program is an integral part of your child’s education and participation is compulsory, unless other factors are involved and there is not enough time in the week to participate in activities. Year 11 and Year 12 students have a much heavier study commitment than other year levels and it is therefore not compulsory for them to participate. When a child turns 15 years, an exemption due to work commitments is possible.

**EXEMPTION**

If your child is involved in an organised activity outside of the College for two (2) or more afternoons or evenings per week and you do not wish them to participate in the St Philip’s College Extra Curricular Program, then please supply details of the activity including hours, location and frequency by completing the form below.

Yours sincerely

Mr Dan Yamada
Extra Curricular Activities Coordinator
