

The Flynn Trail, Alice Springs

<http://flynntrail.wikispaces.com>

See the Outback through the eyes of Rev John Flynn, Presbyterian clergyman, visionary, photographer, Australian icon on the \$20 note.

In Outback Australia, Flynn saw the strengths and resources to make the impossible a reality: health care and communications over thousands of miles. Along the Flynn Trail, you will see the way these services did, and still do keep the bush safe, and give the bush a voice.

By supporting the Flynn Trail attractions, you lend a hand to these not-for-profit organisations that continue to support Outback Australia.
